TUCUMCARI, NEW MEXICO, SATURDAY, MARCH 2, 1907.

Subscription \$1.00 a year.

## M. B. Goldenberg Co. Burglarized.

Last Sunday night the store of the M. B. Goldenberg Co. was burglarized, and two boxes of pocket knives, several razors and a half dozen six-shooters were stolen. There was quite a stir made among our officials and citizens Monday morning in an effort to apprehend the thieves; search was made about the railroad yards and in box cars and elsewhere to find their hiding places, but no discoveries were made. Tucumcari has had a flood tide of hobos for the past sixty days. It is so far between jumps over the Rock Island through this section of New Mexico that hunger makes a stop-over for many of the motley crew at this place. There has been considerable thievery here lately and a night watchman is badly needed.

LATER

One G. Myer was arrested at Santa Rosa Thursday night and had some of the stolen property in his possession. Sheriff Street brought him to Tucumcari yesterday and lodged him securely in the bastille.

### Elliott Caught His Men.

Special to the News.

Clarendon, Texas, 2-27, '07.

I wish to inform my friends and the good people of Quay county at large, that I have all of my horses but two, and the thieves; their names are: Bob Bryan and Bailey, of Quervo, Texas, are in jail here, the other at Hobart, Okla.

Very truly to all,

GUY ELLIOTT.

Mr. Jeffrey of Dodson, was in town Tuesday and informs this paper that he just received news of the death of two members of his family in Oklahoma.

Miss Anna Mackovec has returned from Liberal, Kans., to her old position with the Rock Island Eating House at this place.

G. C. Stephenson, conductor, and his wife left last week for an extended visit through the south. Mr. Stephenson is a brother of Mrs. Lipscomb of the Rock Island Eating House.

The Rock Island depot was crowded to the limit last night with immigrants who are coming in droves to begin improving their homesteads. Tucumcari has not sufficient hotel accommodations to take care of the people coming to Quay county. It looked pitiful to see women and children overcome by fatigue and loss of sleep worrying through the night in a depot waiting room.

Mrs. H. L. Umphres, who has been visiting E. H. Fullwood and family, at Green Valley for the past week, has returned to her home at Amarillo, Texas. She has a homestead out there in Green Valley and is having it improved.

Tucumcari is grading and leveling its streets and is placing them in good condition generally. Santa Fe should send a delegation of its city fathers to Tucumcari to see how the thing is done.—Santa Fe New Mexican.

## A Lonely Death at Three Rivers.

A cowboy, Henry Goins, in the employ of the Diamond A Cattle Company, at Three Rivers in Lincoln county, was found dead in his camp east of the San Andres mountains last Sunday. It is be-

lieved that he died suddenly, maybe of heart trouble, and tumbled into the fire he was sitting by, as one of his arms was badly burned. Death had occurred about a week before the remains were discovered.

Street Scene Looking East on Main Street, Tucumcari.

## Take Out Your Occupation License.

All persons who desire to do business in Quay county must have an occupation license. Sec. 4499 Compiled Laws of 1897 as amended by acts of 1901 are plain on this subject. We quote the act as follows:

"Any person, firm or corporation who shall engage in or carry on any business or avocation for which a license is required without having paid said tax, shall be required to pay double the amount

of tax for the time which has expired from the beginning of such business or avocation until a legal application for a license has been made, shall be deemed guilty of a misdemeanor and upon conviction be fined any sum not less than \$50.00 and not more than \$100.00, or be imprisoned in the county jail not more than six months."

Assessor Chadwick informs us that he intends to enforce the law to the letter.

Jerry Ramsdale, an employee in the railroad shops at Santa Rosa, passed through here Wednesday en route to Bovina where his son was reported dangerously ill. His daughter, Luella died at Santa Rosa Monday of Meningitis. This is clearly a case of misfortune coming double.

Mrs. A. D. Pankey and the children are visiting home folks at Brownwood, Texas. They left Wednesday.

The Tucumcari Millinery Parlors are wide open today and in full dress. It is full of pretty women and pretty things for women to wear. And, there is Roman Punch, a whole bowl full, and it looks good, and they don't sell it, think of that. If men only wore women's hats they would be in on the punch. Men do wear punch though, but it is generally sold when they do. And they will many of them be wise to the price of up-to-date millinery when the cash balance is made tonight.

## Try Broom Corn for Money Crop.

We are informed by E. H. Fullwood that W. F. Buchanan, president of the First National Bank of this city, has offered those who will plant broom corn a very liberal proposition. To those who may want to borrow money on the crop he offers to loan \$2.50 an acre when the crop is up and a good stand; \$2.50 an acre when cultivation is finished; \$2.50 an acre when ready to harvest. Mr. Fullwood has 1000 acres pledged, so if all these people want to borrow money as suggested by our banker, he will have to set aside \$7,500.00. This is a spirit, however, that the farmers should appreciate on the part of Mr. Buchanan, who so liberally offers to help them encourage the broom industry. We are further informed that a market is offered for all the brooms that Quay county can produce right here in Tucumcari.

### What a Boy Can't Do.

A boy should remember that he can't smoke cigarettes and succeed. He must remember that he can't drink whiskey and succeed.

It won't do. He may wonder why it is that there are grown men whom he knows who can do these things—but if he will watch them and keep his eyes on them for a long enough time he will see that they can't succeed either.

A boy should get it through his head that smoking never made a man of any one. He must get it through his head that whiskey will poison him, and debase him if he drinks enough of it. He must remember that he can be sober and clean, and will be a better citizen, and will enjoy better health.

The Yellow Jacket makes some fun as it goes along, but it also knows that there is a serious side to life—and it knows that if the bright boys of the country will cut out and leave off bad and useless habits that the next generation will be stronger and better.—Yellow Jacket.

M. M. Sanford of Bisbee, Ariz., is here visiting his sister, Mrs. J. M. Putman.

Mrs. Lipscomb gave an oyster supper to the employes of the Eating House Tuesday night.

H. L. Adams, brother of Cabe Adams, is here from Texas on a business mission.

Abner Smith was a visitor yesterday.

W. M. Peggrem was here yesterday from Quay.
